Dedication

We, the Senior Class of 1952 gratefully dedicate our annual to our class advisor, Mr. John E. Kitowski who has been a member of our faculty for several years.

His broad and varied training and experience together with the knowledge of his subject matter has helped him to be one of our best teachers.

He also has a deep understanding of high school boys and girls, and seems to maintain an all-important sense of humor and sincere interest in the variety of tasks that come his way.

Co-Editors' Foreword

"The Trojan" is the 37th edition of annuals put out by Senior classes of Maroa High School. This edition will serve as a memory book for us to look back on in future years, so that we may recall many incidents in our high school life.

Of course, this book centers mostly around the Seniors, but there are many more pictures and articles about the whole school including activities, classes, faculty and organizations.

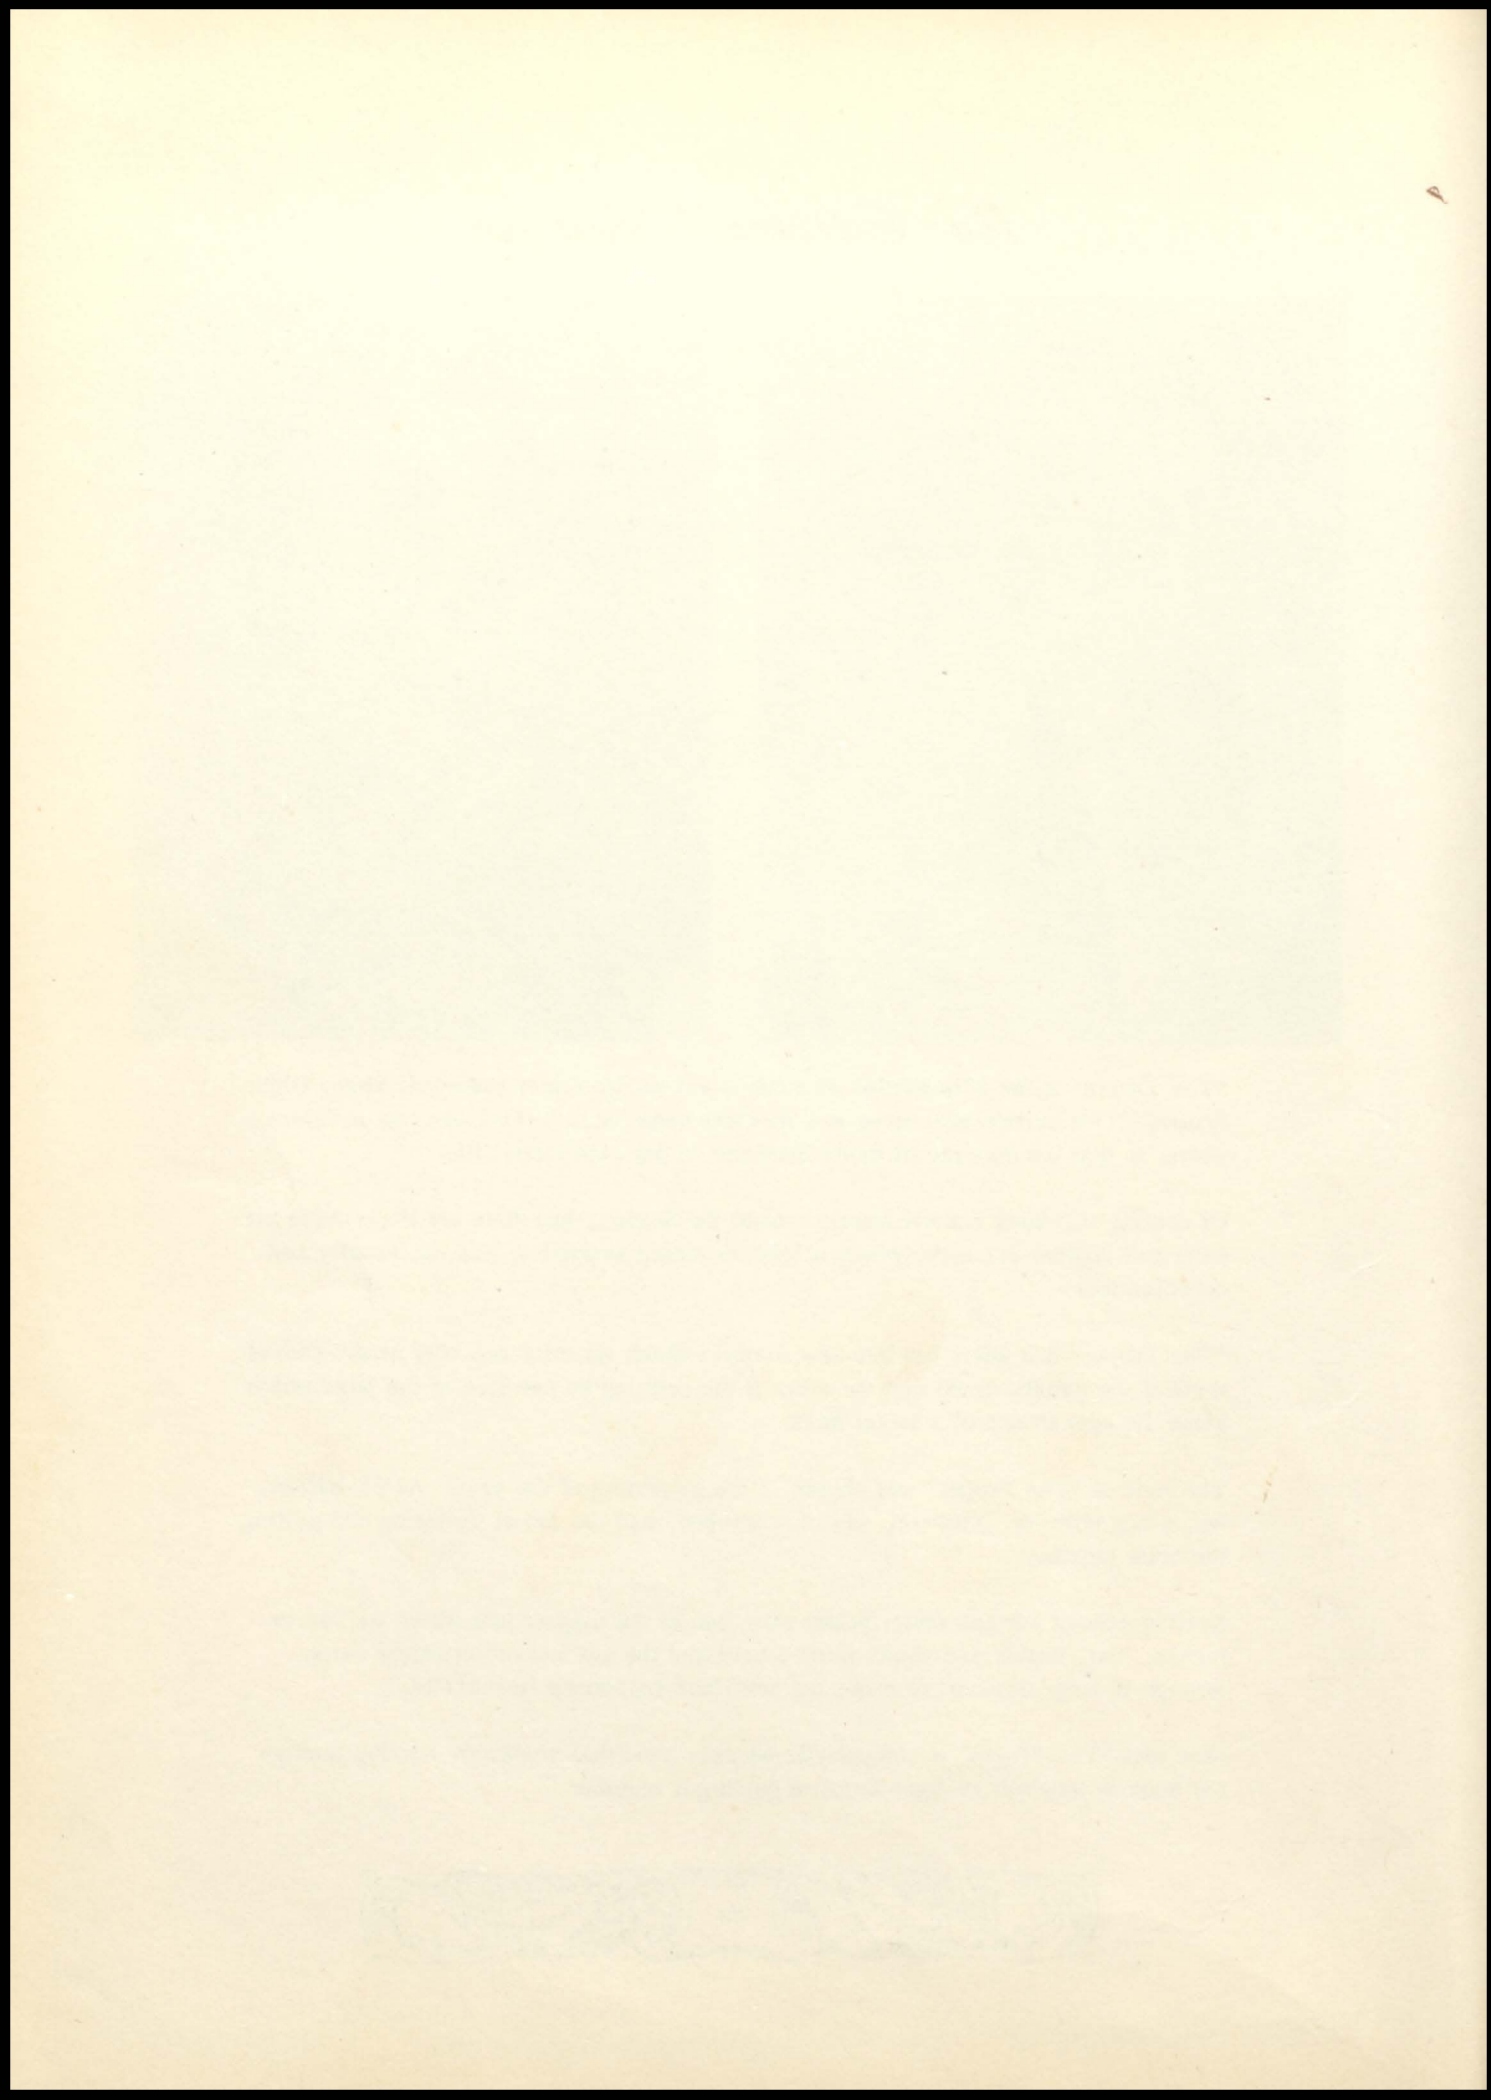

"The Trojan" this year, has two new features which we think are very nice. One of these is the padded cover and the other is the printing on one side of the page which gives the appearance of a larger book.

The staff of "The Trojan" was chosen at the beginning of the year. As Co-Editors, we, along with Mr. Kitowski, our class advisor, had the job of directing and putting the book together.

Getting enough ads and subscriptions were two of the biggest jobs which we had to tackle. But, nearly everybody worked hard and the ads and subscriptions came through in large numbers to make the book self-supporting financially.

Now that "The Trojan" is completed, we only hope that you enjoy looking through our book as much as we have enjoyed putting it together.

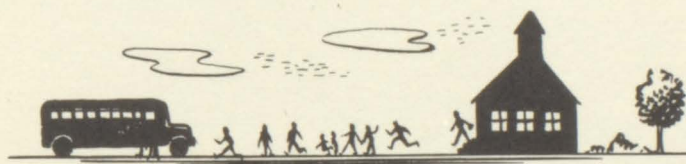

Maroa High School

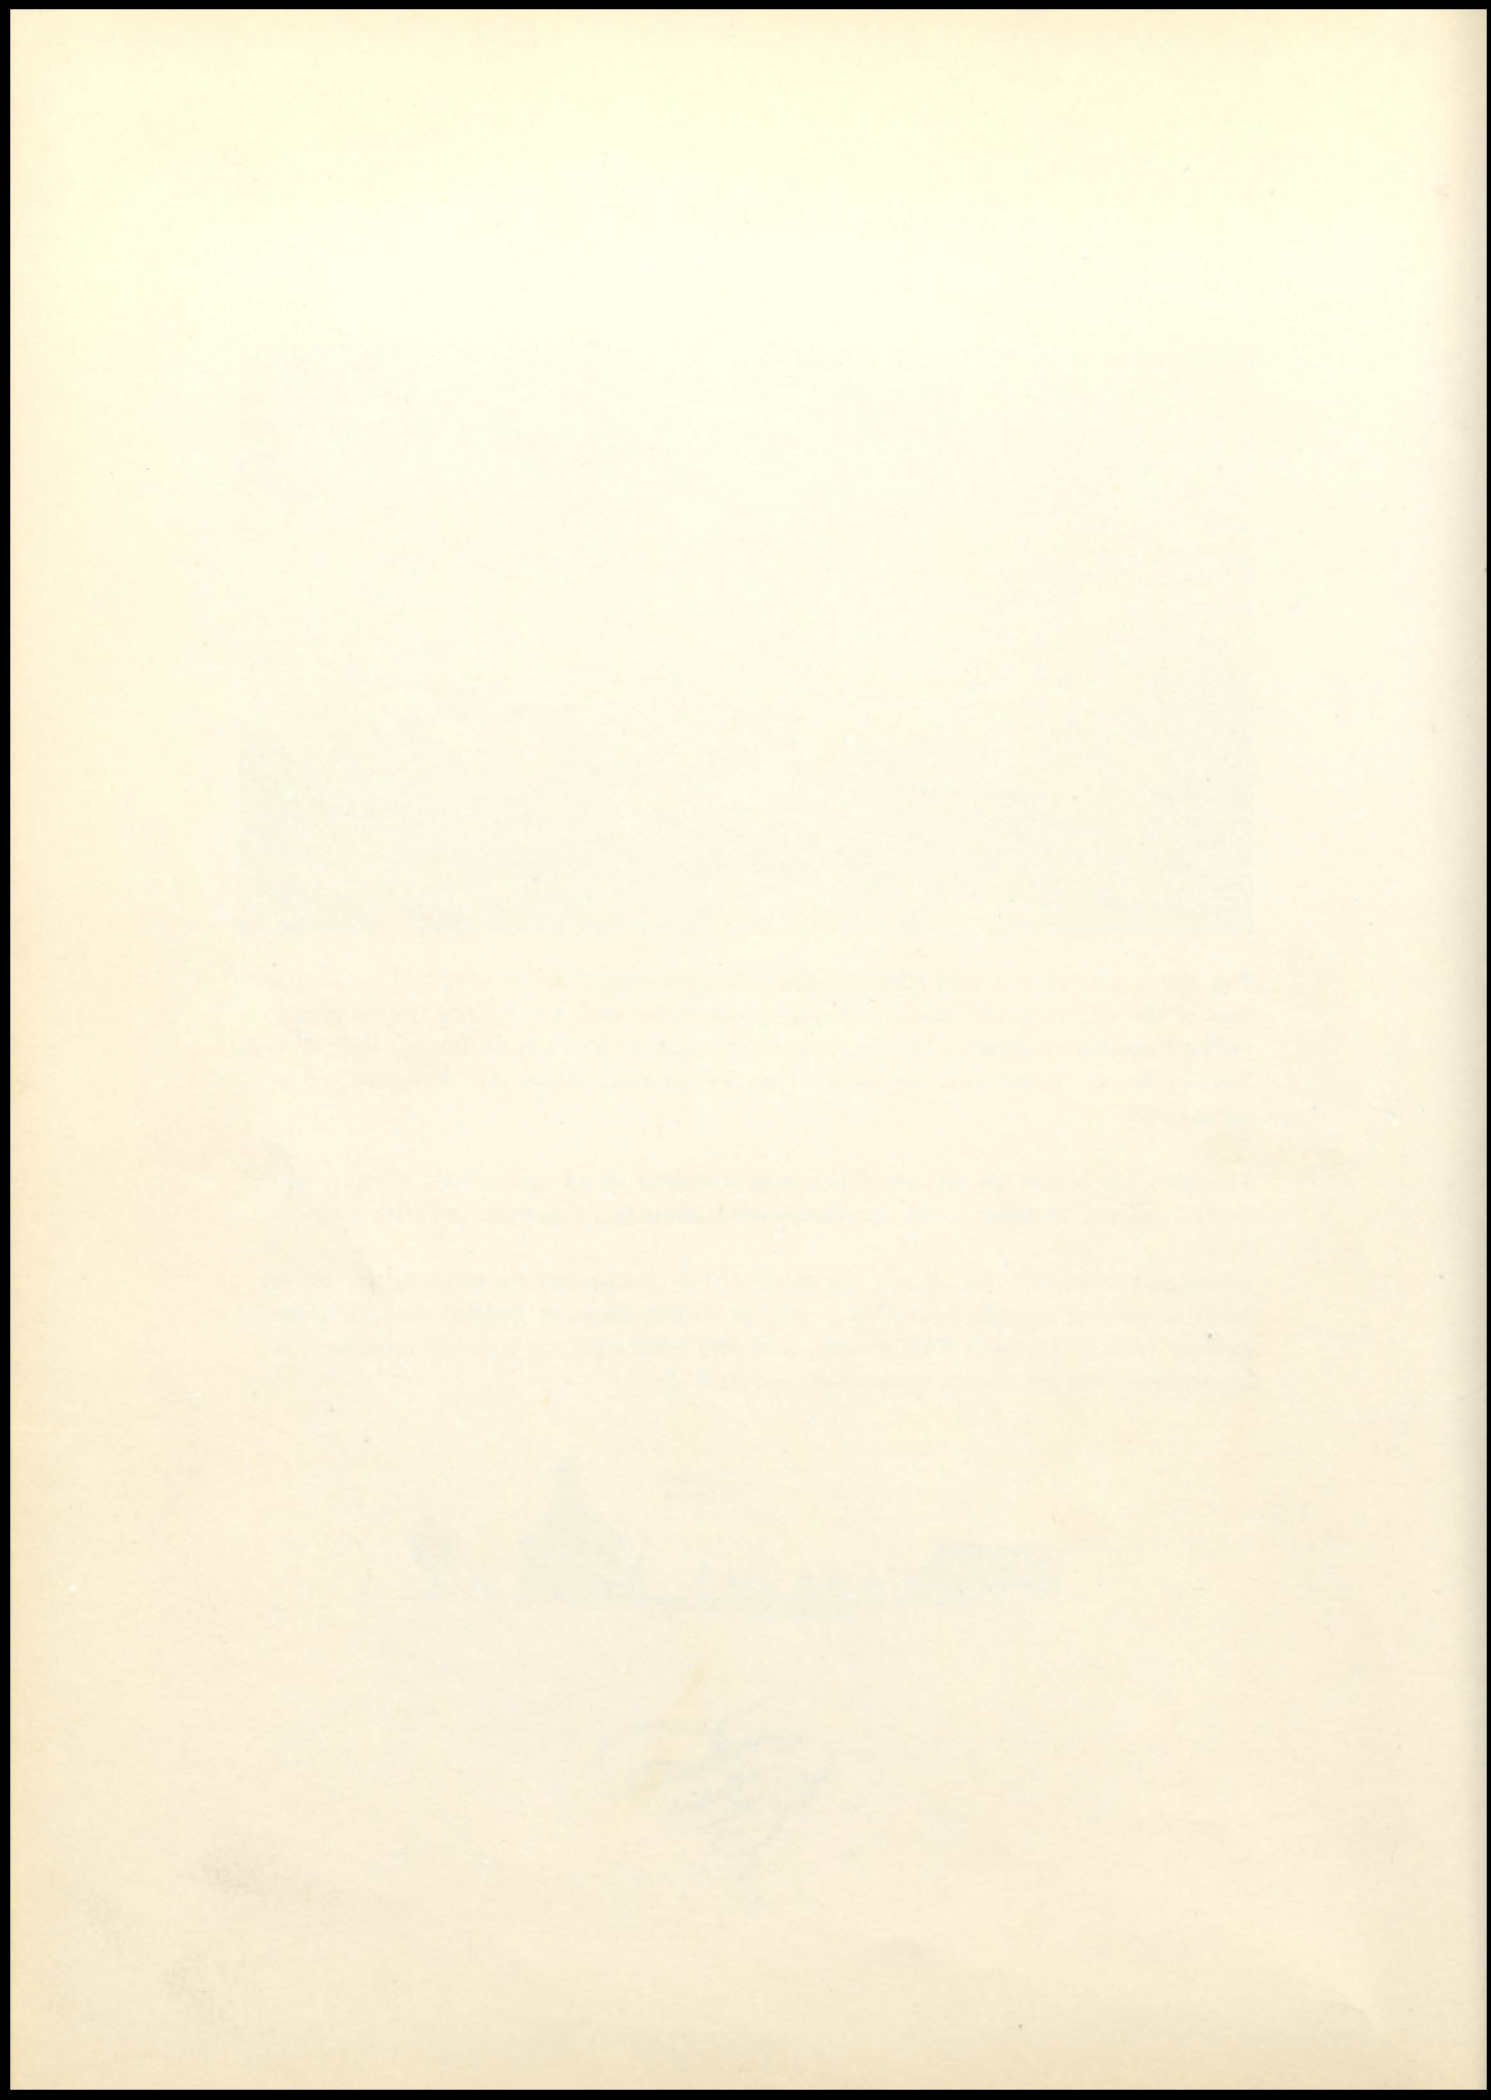

The above picture is Maroa High School. This building built in 1930 and located just west of the city limits of Maroa, houses grades nine, ten, eleven and twelve of the Maroa Unit School District No. 2, comprising areas in and around Maroa, Forsyth and Hickory Point. At present, the Maroa Unit School System uses the "8-4 plan" of organization.

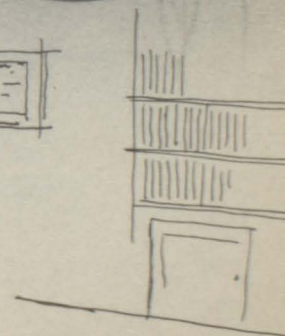

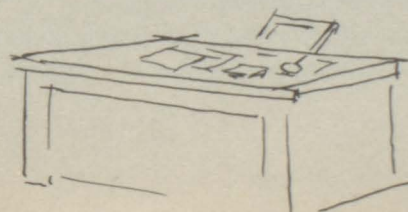

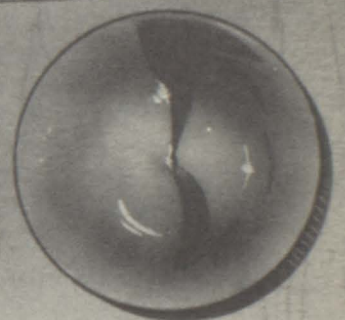

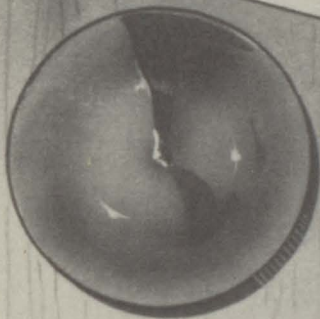

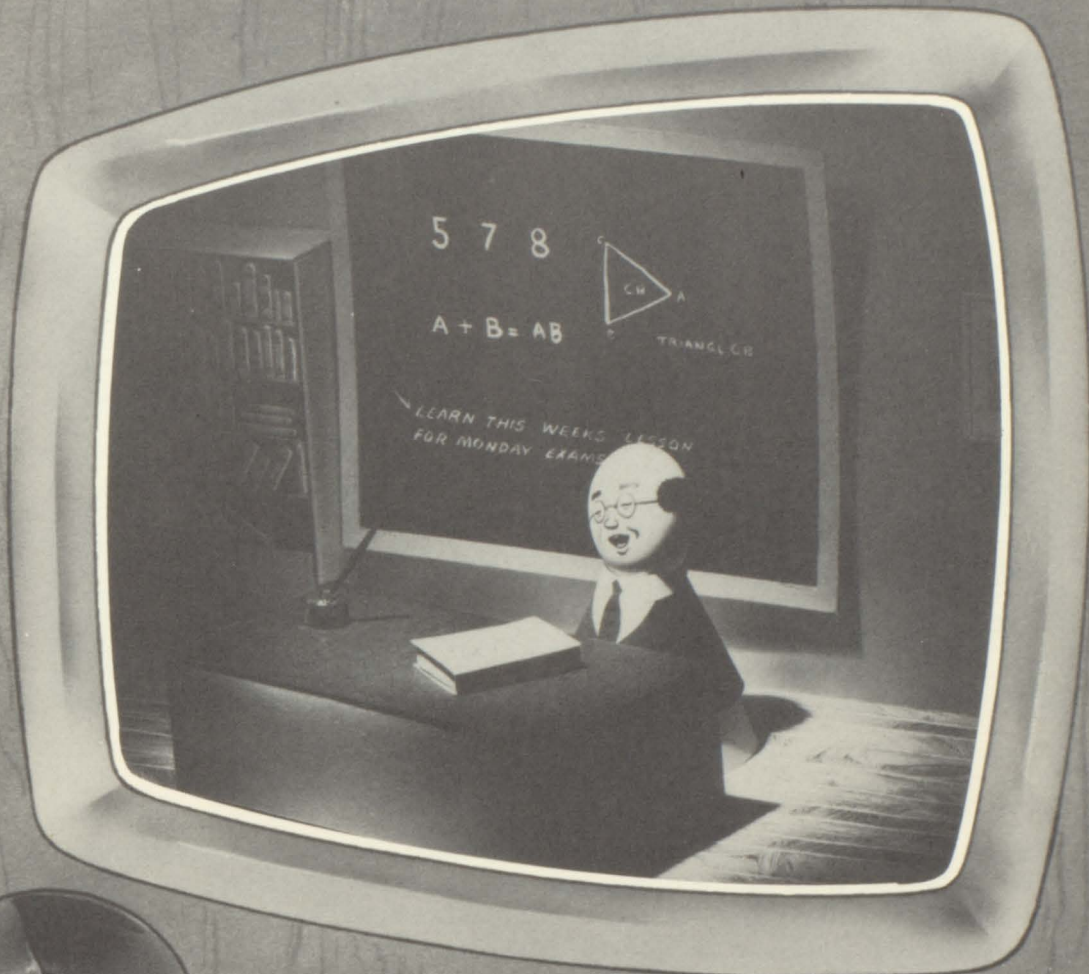

This building houses the offices of the superintendent of the unit school district, principal's office, academic and vocational classrooms and a gymnasium with stage.

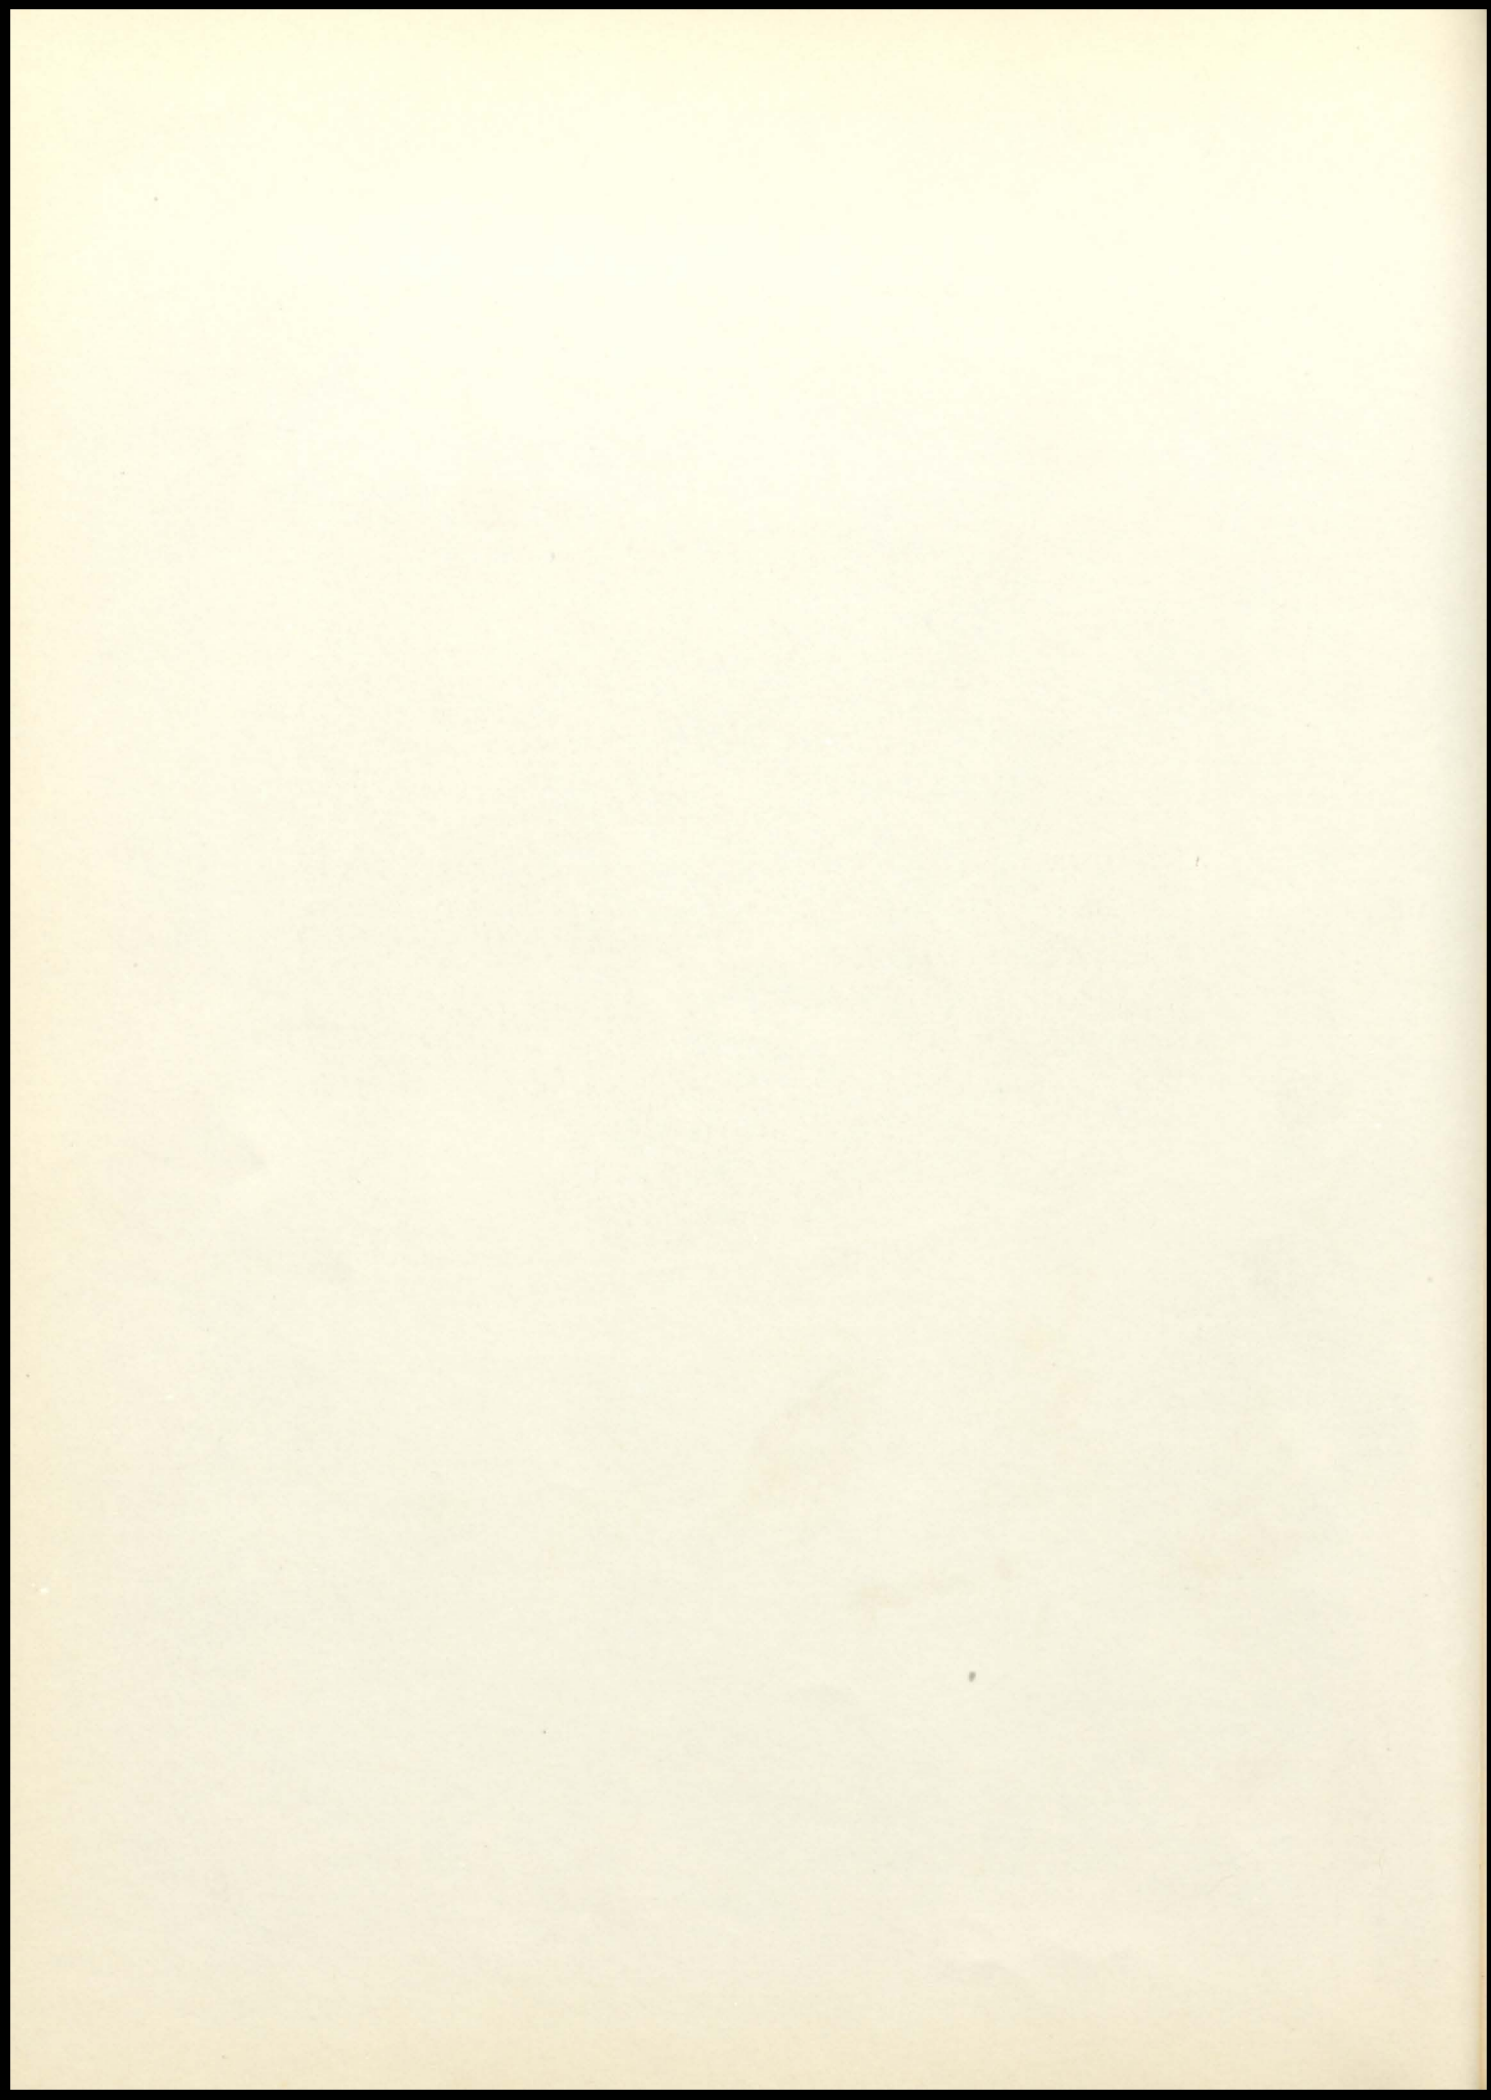

Although this building has served the needs of our community for many years, we are badly in need of expanded facilities, such as a farm shop, or general shop, in a progressive farm community such as ours, and also more equipment in our commercial department, library, home economics and farm shop.

FACULTY

Superintendent

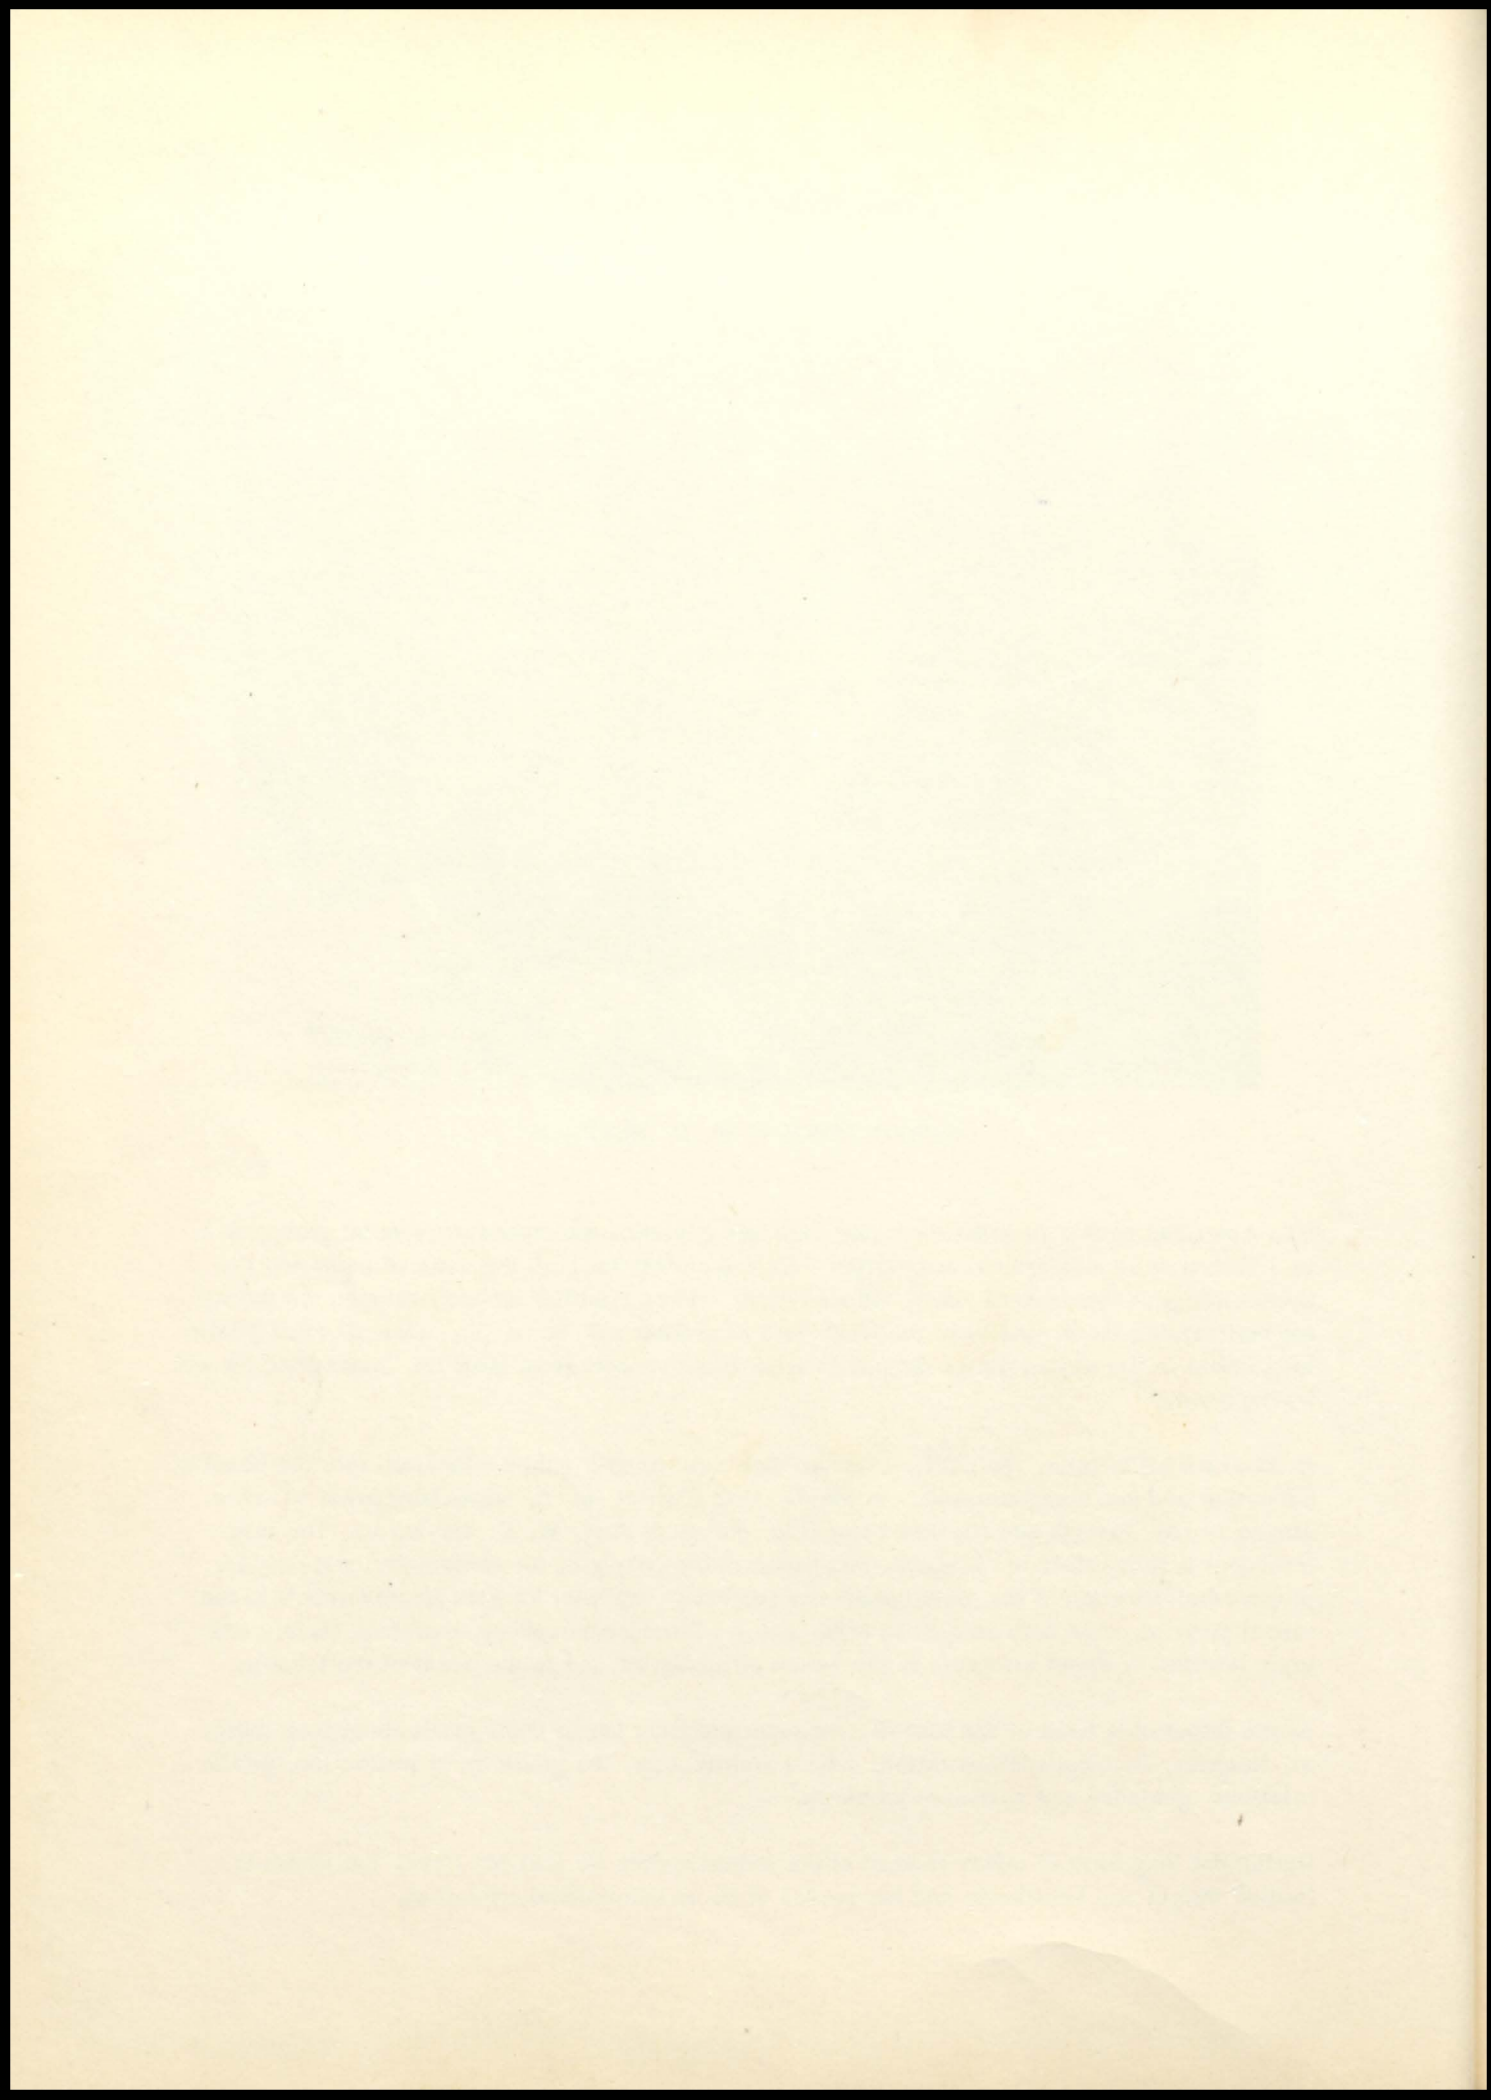

SUPERINTENDENT W. D. KEYES, JR.

The American people in general--rather than any governmental agency or special group, such as a church or an educational association--are responsible for both the achievements and the shortcomings of the nation's public school system. They establish schools, provide the money for maintaining them, and have the final word as to what will be taught. Like all other public institutions in the United States the public schools are co-operative projects, maintained for and by the people.

In local school systems, the public exercise their control over public education thru the board of education and one superintendent. In Maroa, Unit District No. 2, comprising areas in and around Maroa, Forsyth and Hickory Point is in charge of Supt. W. D. Keyes, Jr. The superintendent is responsible to his board, and hence to the people of his community, not only for proper administration of the school plant and personnel, but also for such improvements in the school program as he may be able to bring about. The superintendent, therefore, is in a strategic position to direct attention to the values of education and to the needs of the schools.

As the responsible head of the schools, the superintendent has to know much about such things as, finances, business administration, school architecture, the problems of instruction, public relations, guidance and personnel problems.

During the long term of office as head of our school system we feel Mr. Keyes has shown effective insight and knowledge and has proved to be an educational statesman.

Board of Education

First row, left to right: D. M. Dewhirst, President; William A. McGuire, Vic Walters. Second row, left to right: J. Harmon, D. Pope, N. Braden, R. D. Bolen, Secretary.

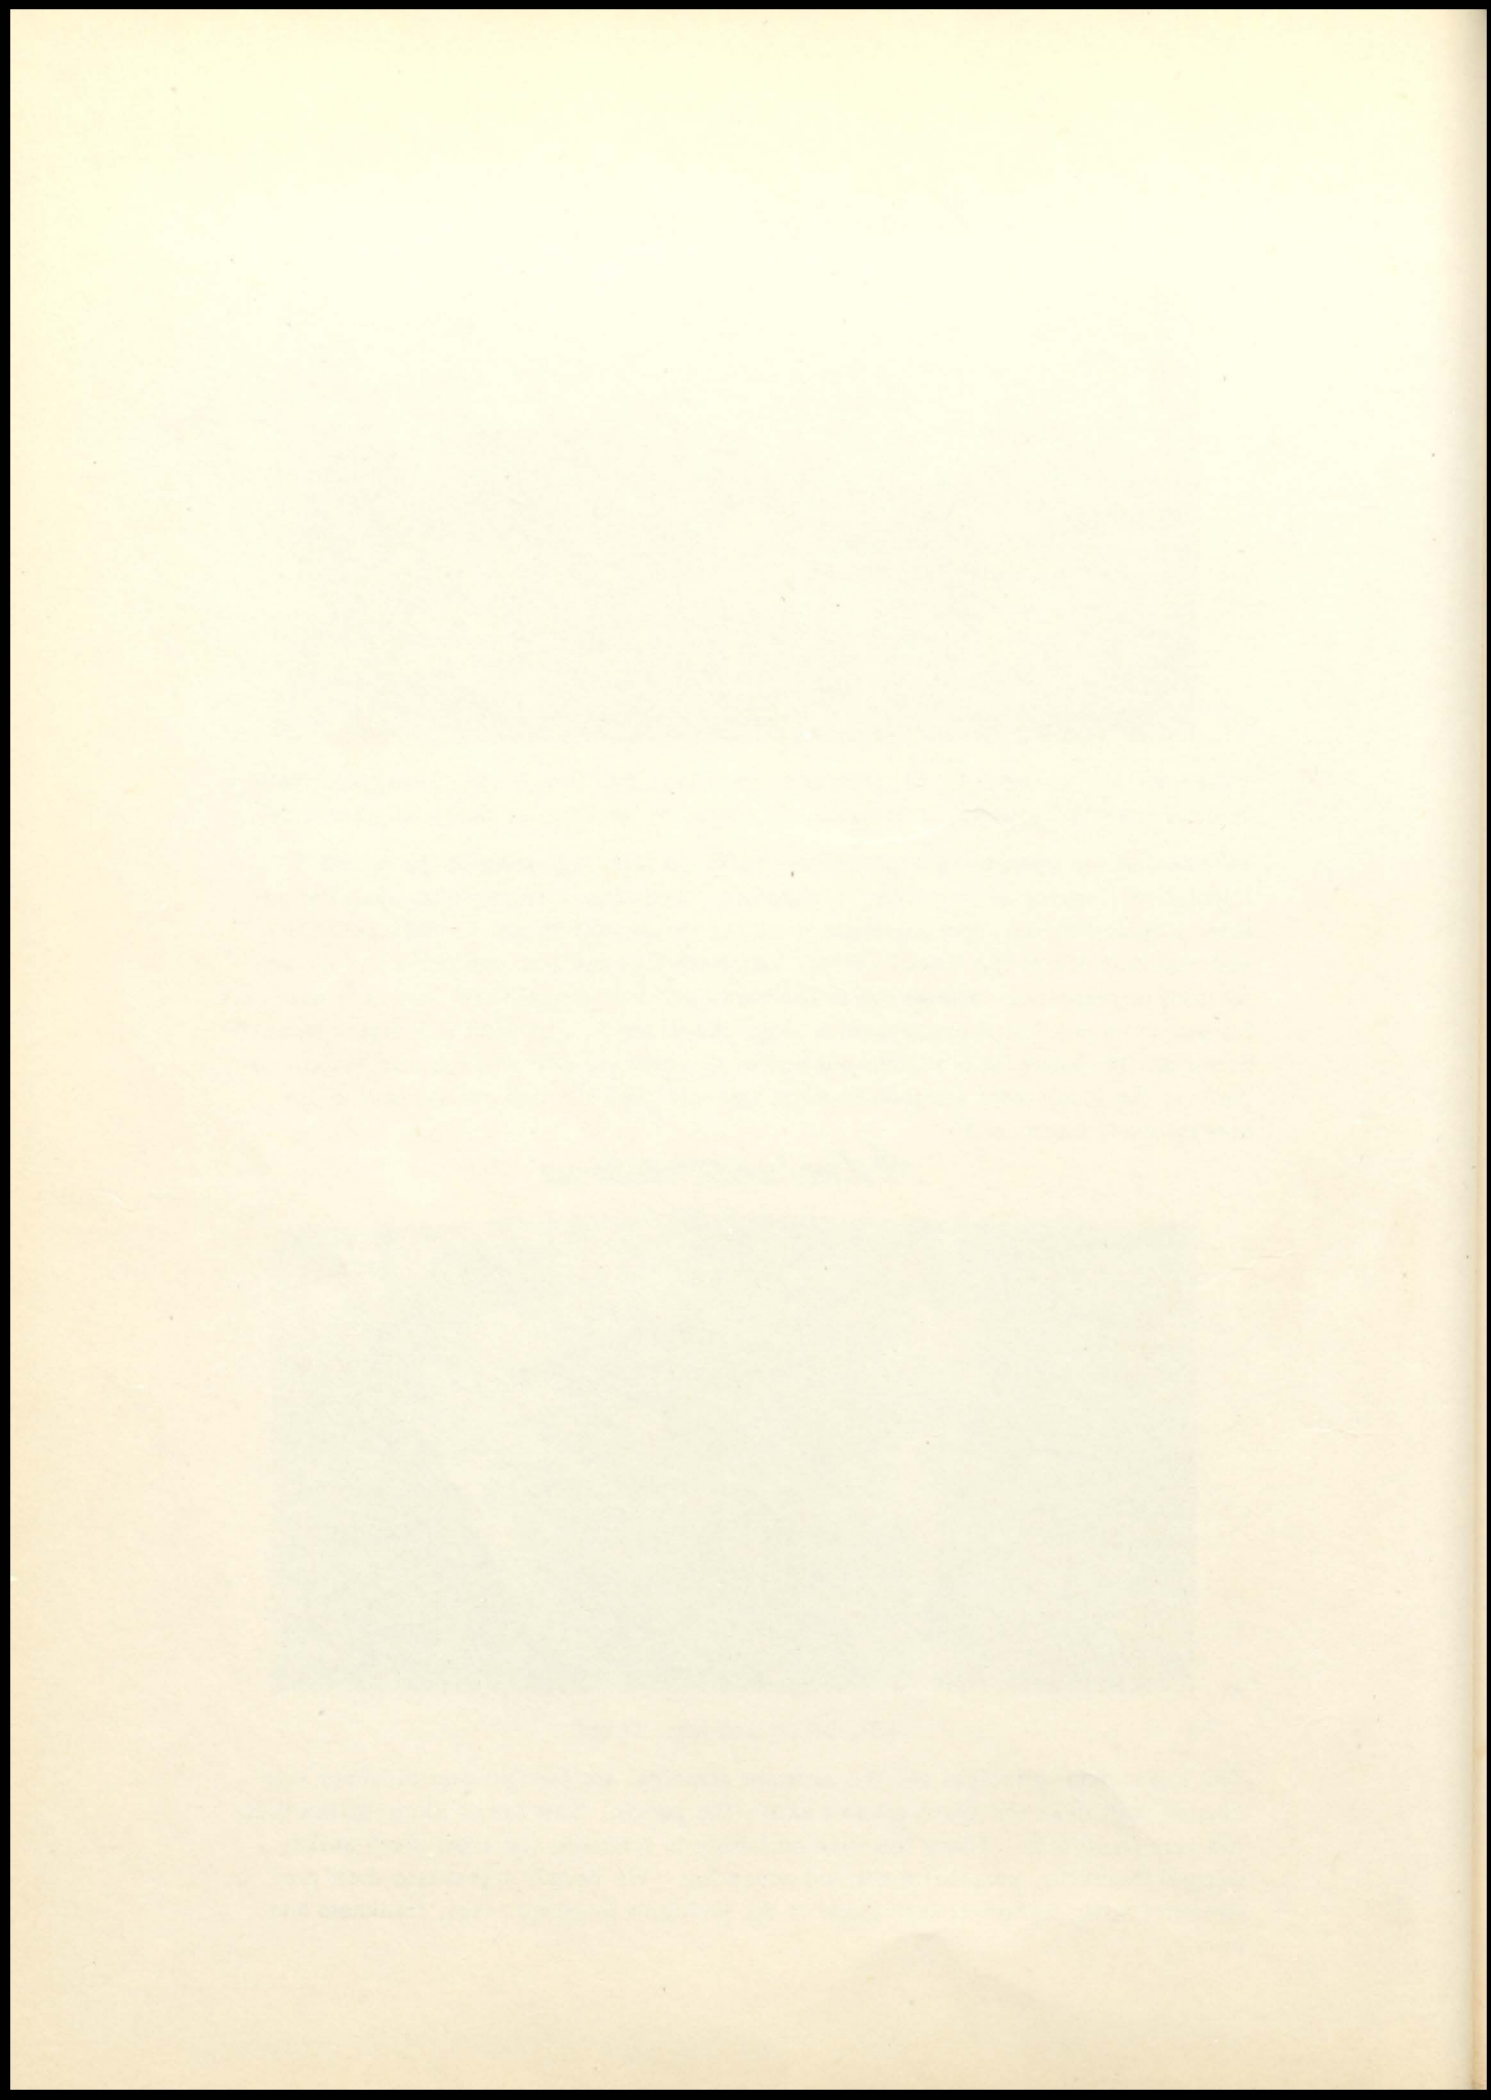

Members of the school board are elected to act as representatives of the people in a legislative, but not in an executive capacity. The school board passes upon the policies proposed by the superintendent, such as, the annual budget for the operation and maintenance of the school system, new buildings and improvements and the selections of personnel. Public education today involves big business, and it is necessary for one to have a broad conception of what education is, and what it is trying to accomplish. We appreciate all that our board members are doing so that our schools can perform the many tasks assigned to them and safeguard the democratic way of life, now seriously threatened

Administration

MR. BOYD and MR. KEYES

The high school principal and the assistant principal are brought into intimate association with those for whom schools exist--the pupils. This factor alone makes their job very important. These two men rank high in teaching and supervisory ability, executive ability, personal traits, and education. We deeply appreciate their professional skill, technical knowledge of the problems involved, tact, frankness and loyalty.

HOME ECONOMICS

Personel

CHARLOTTE EARLES

An efficient school secretary helps a great deal with the smooth running of any school.

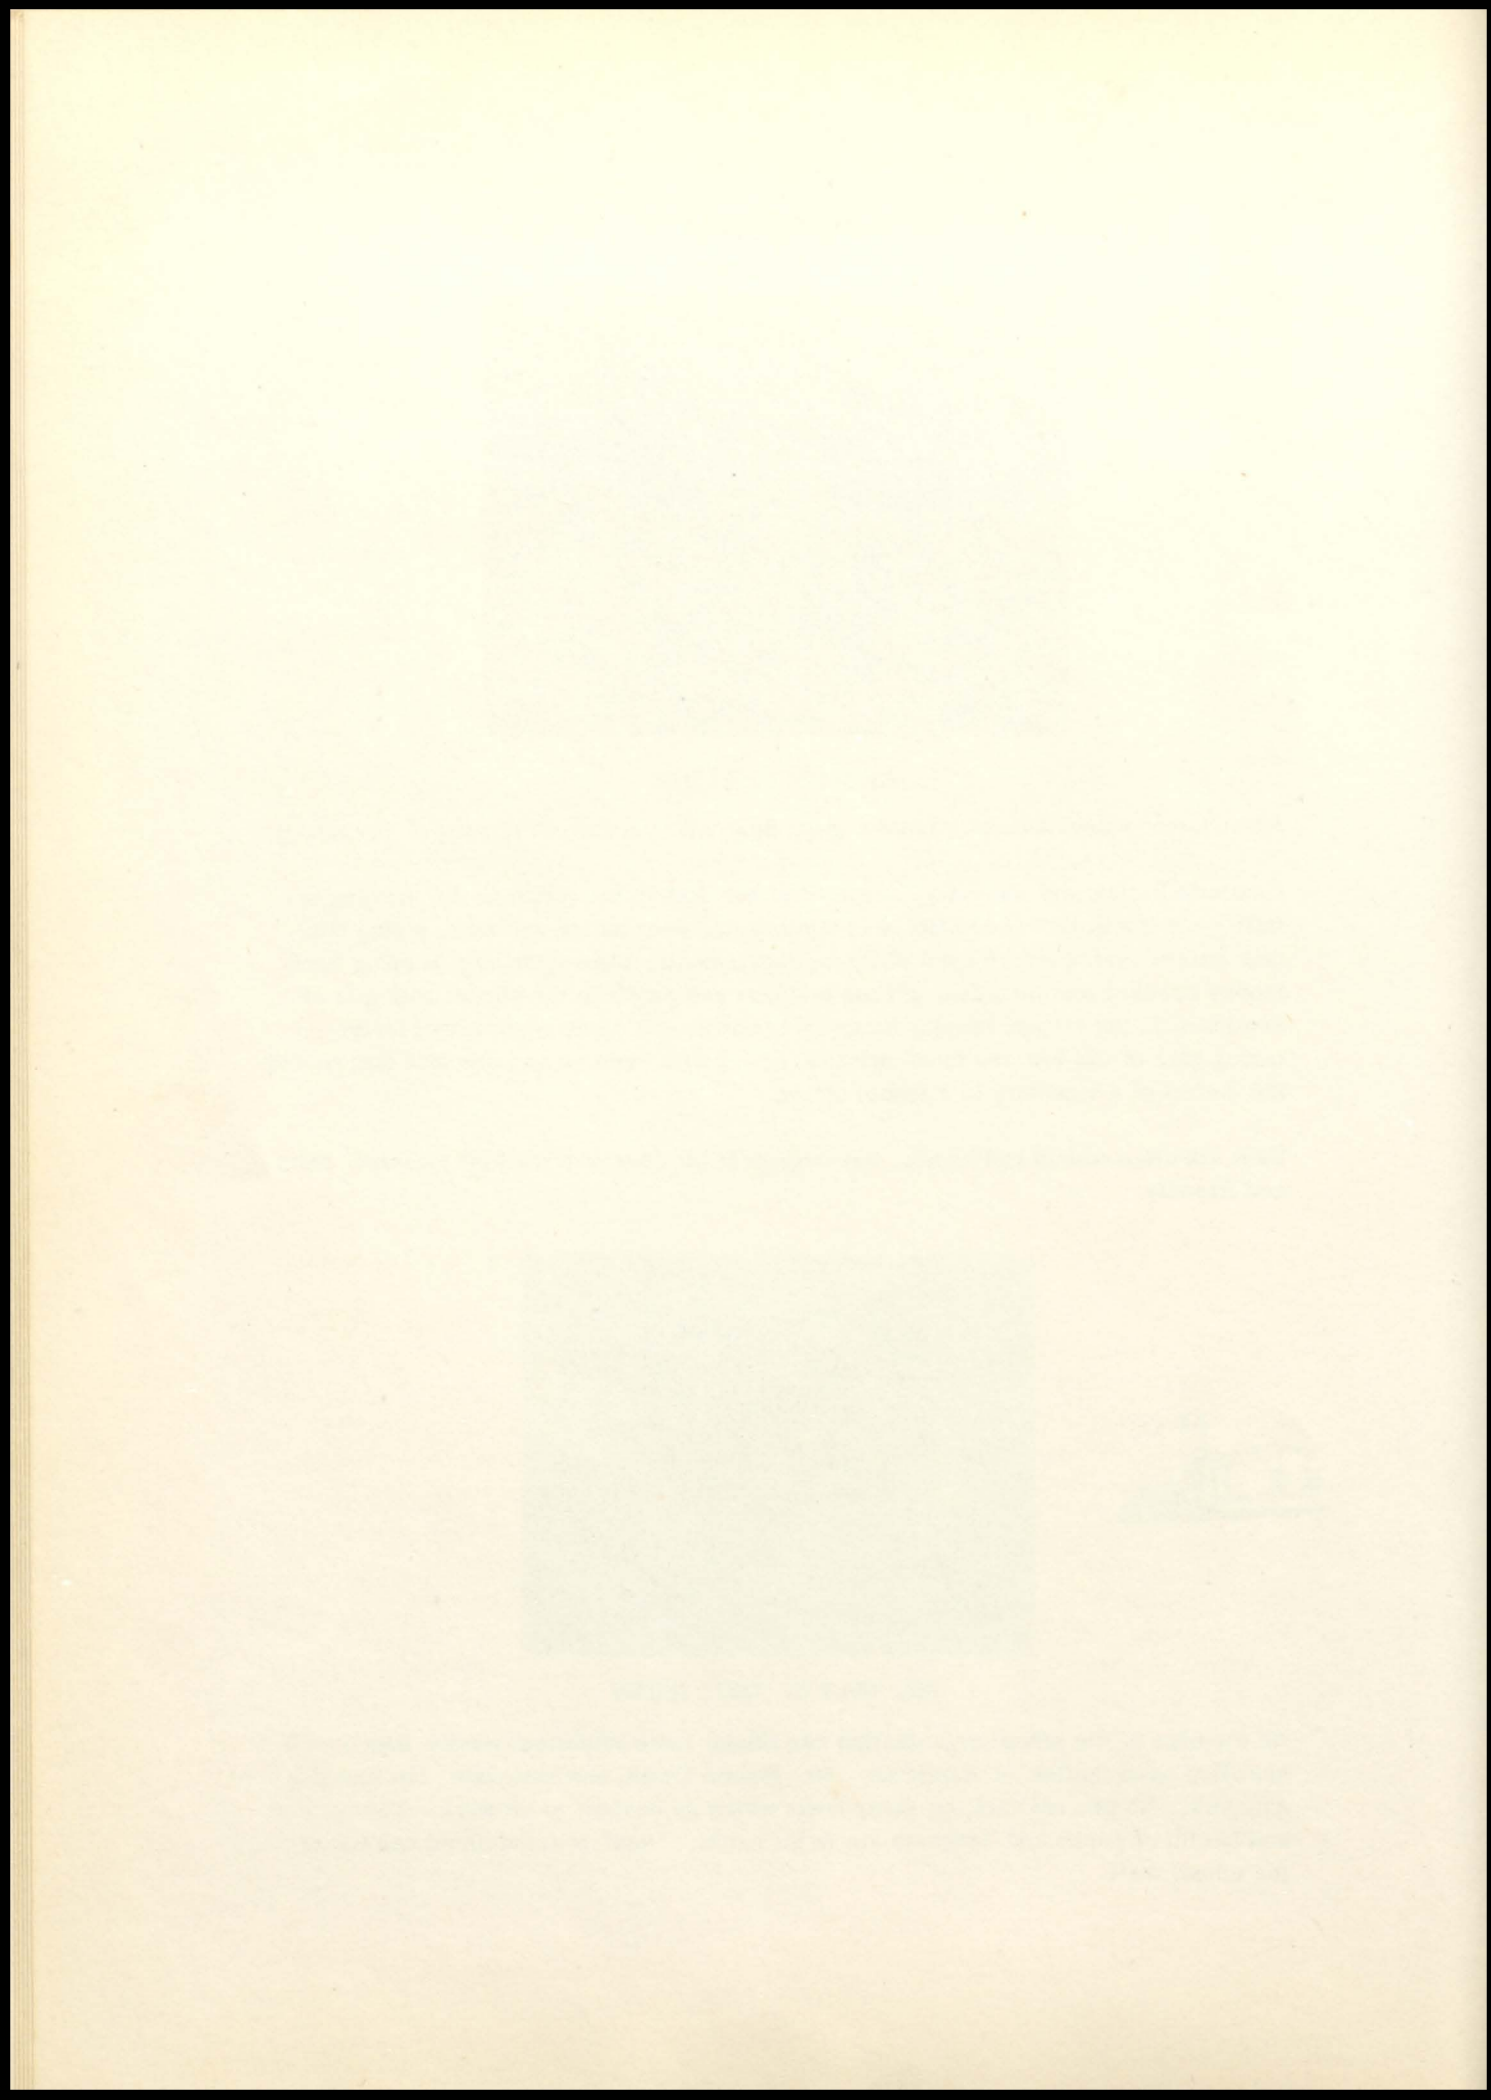

Charlotte Earles, our secretary, is seated at her desk in the office in the morning to start her day's work. It consists of compiling the tardy and absent slips; typing business letters; typing tests for the different departments; mimeographing; keeping lunch money checked and recorded; calling teachers and pupils to the phone; acting as receptionist in the office; keeping honor roll records and many other school records; taking care of the lost and found articles; or any of a hundred and one jobs that go with the duties of a secretary in a school office.

Days are often rushed and hectic, but through it all Charlotte remains pleasant, calm and friendly.

MR. NELSON "RED" SMITH

No member of the school organization can render more important service than a well qualified head janitor or custodian. Mr. Nelson Smith, our custodian, fits into this category. No one realizes the many hours which he devotes to his work. The comfort and health of pupils and teachers are in his hands. "Red" is appreciated and serves the school well.

Parent-Teachers Association

Left to right, sitting: Mesdames Long, Randall, Smith, Hoffman.
Standing: Mrs. Brandt, Mrs. Morgan, Miss Hughes, Mrs. Coen, Mrs. Hughes.

The Maroa High School Parent-Teachers Association met the second Thursday of each month at 7:45 P. M. in the gym. The executive board met the first Thursday of each month at 3:30 P. M. in the high school.

The theme for this years program was "Building Together for a free world."

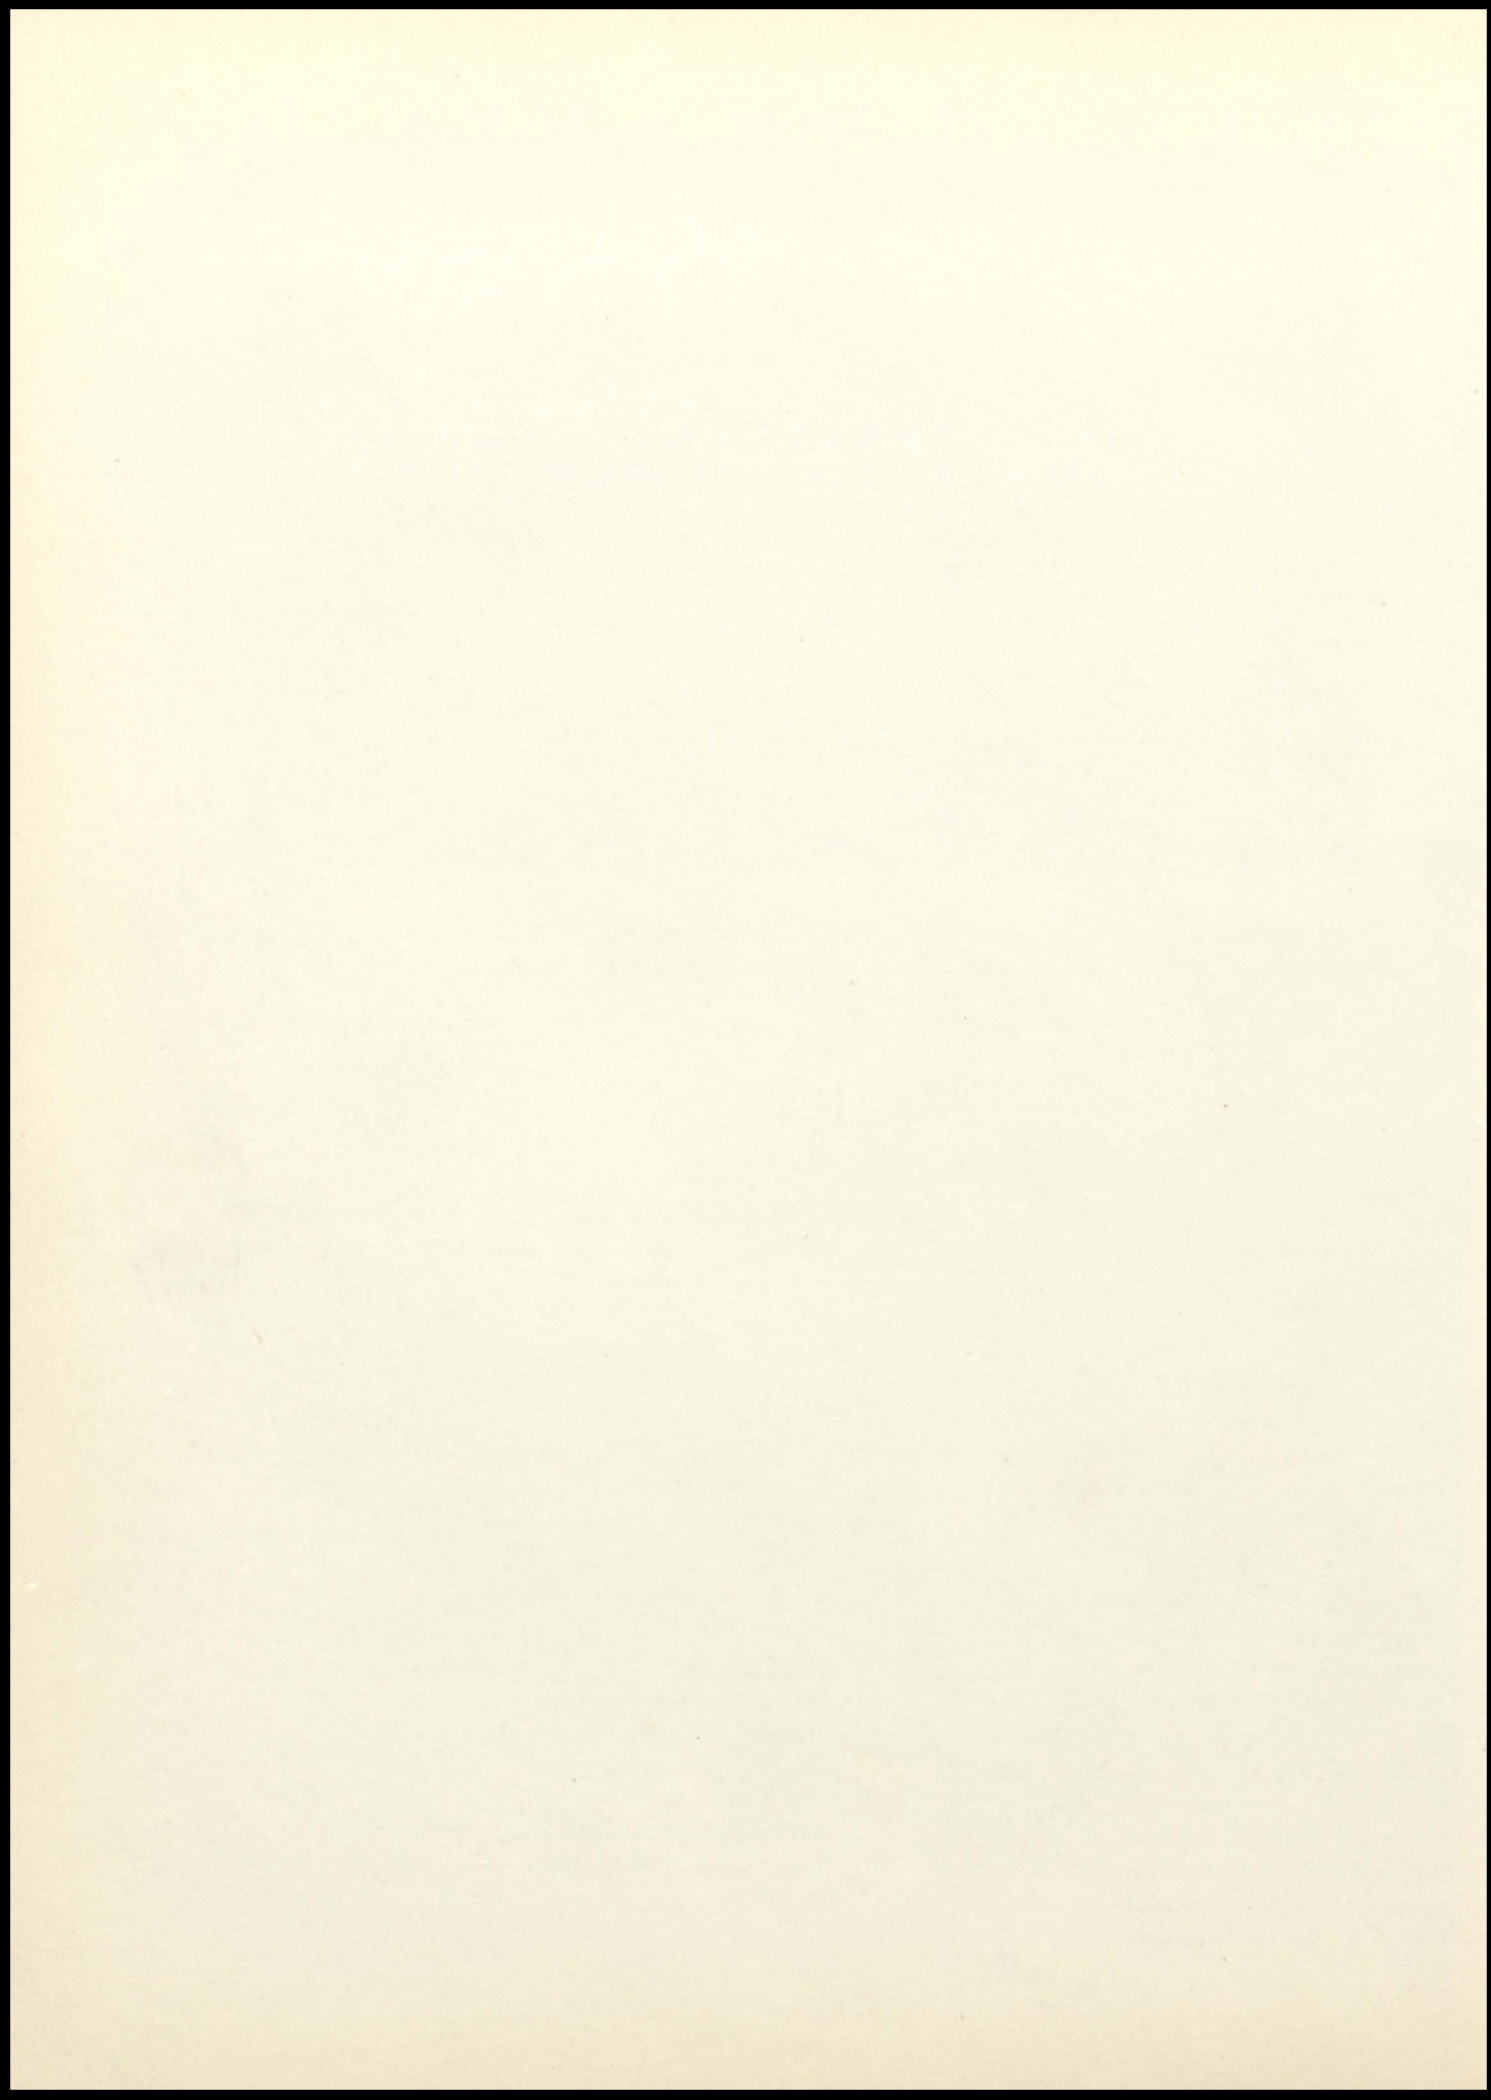

Some of the programs offered this year were a reception for the faculty, Halloween Party, a Night School Session, Christmas Program, Lecture and Pictures on Europe, Girl's P. E. Class Demonstration, Speech Contest, Athletic Banquet and a Home Economics Style Show.

Class Poem

Come along and view with us,
Come share our new TV.
Pull up the chair and dream awhile,
See what we used to be.

There's a sign, it's "48,"
We were really green,
They certainly took it out on us,
Our memory's all too keen.

Thirsty now? Well, here's a coke,
Oh, there's enough for all.
Take a glimpse in "49,"
We were really on the ball.

We're in the swing of things,
At old Maroa High.
Remember all the winer roasts
And school parties all gone by?

Pull the chair up closer, Kid,
Can everybody see?
It's in the year of "50" now,
We're happy as can be.

Working like beavers on the Prom,
Selling candy day and night.
Hey, don't forget that play we gave,
It was a sheer delight.

My goodness now, it's "52"
In our Senior year you'll find us.
Plays, and parties, dances, too
We leave good times behind us.

It's really getting late, you know,
We're glad that you could come,
But, first we'd like to thank you all,
For everything you've done.

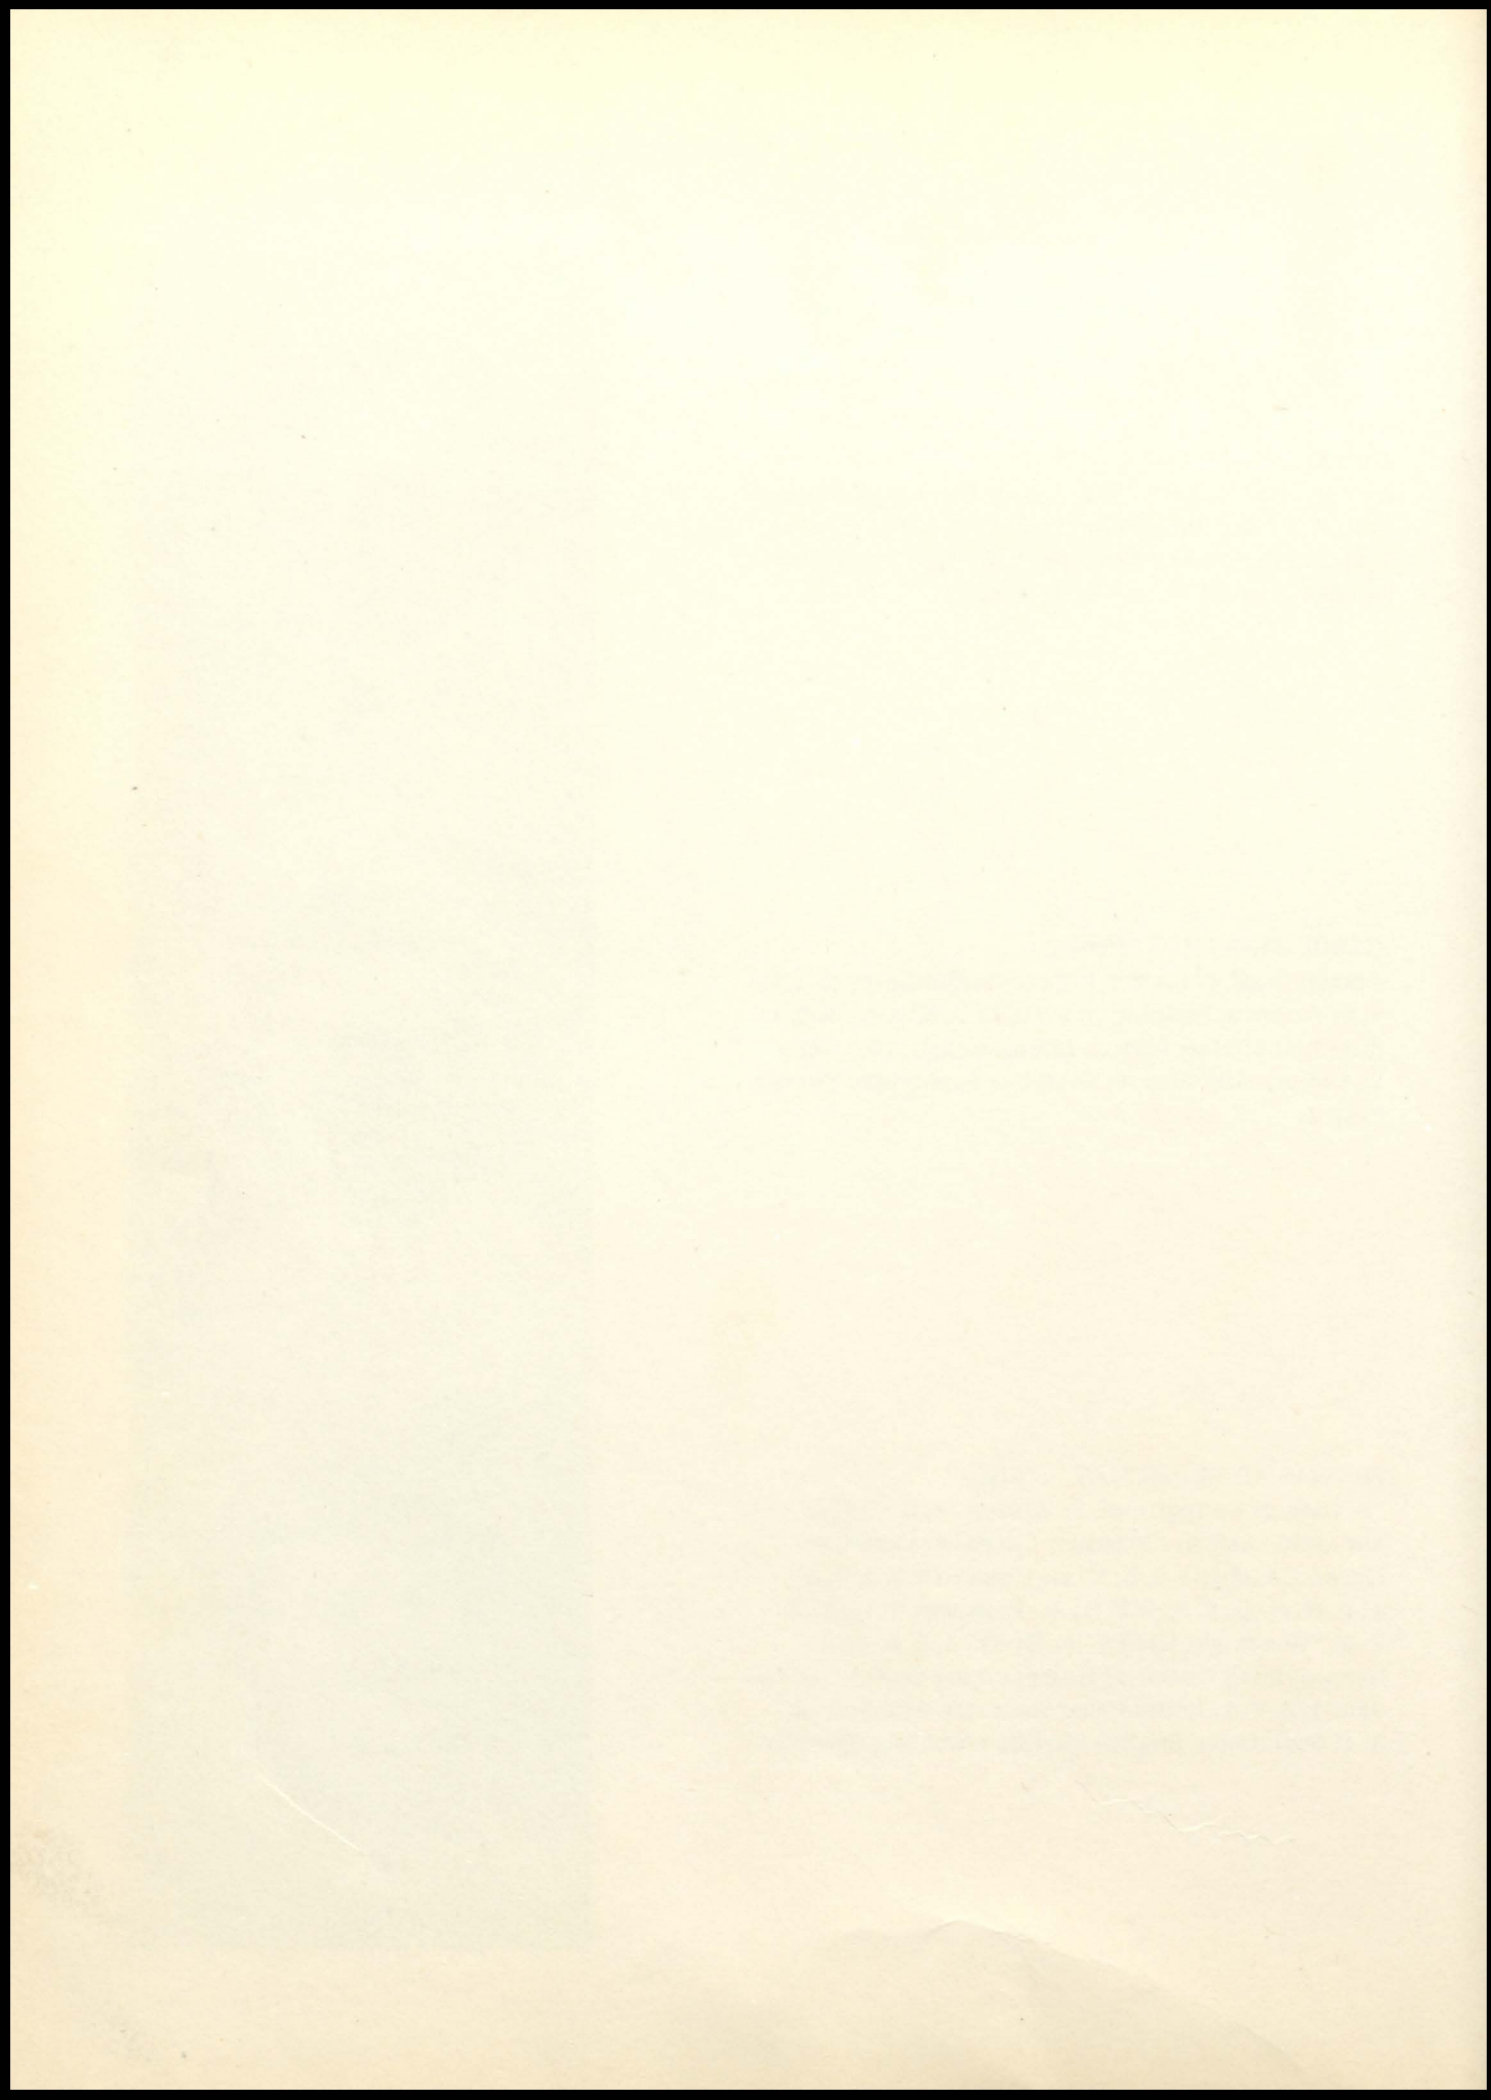

D.A.R.

The Civil Air Patrol, an auxiliary of the U. S. Air Force, is the only organization chartered by Congress to advance aviation in all of its phases, both military and civilian.

C. A. P. consists of 52 wings, one in each state and federal possession. The Illinois Wing is one of these fifty-two units and includes approximately sixty groups, squadrons, and flights. Group four is one of the divisions of the Illinois Wing with Squadrons and Flights in Decatur and surrounding cities under its command. The nearest unit to Decatur is Maroa with a flight of twenty-four members.

The purpose of C. A. P. is threefold; 1. As a training corps in aviation and related subjects and perform practice missions; 2. As an auxiliary of the Air Force, it aims to support aviation in every way possible; 3. As a light plane air force in itself, it helps flight and ground missions in military or civilian emergencies.

Through the C. A. P. Cadet Program, the Illinois teenager, from 15 to 17, boy or girl, can receive academic training in aeronautical subjects, self-government, summer encampments, military reviews and various activities co-ordinated with senior members.

We feel proud of our high school teen-age C. A. P. unit under the able leadership of Supt. W. D. Keyes, Jr.

The texts used are "The Man and The Motor Car" and "Sportsmanlike Driving."

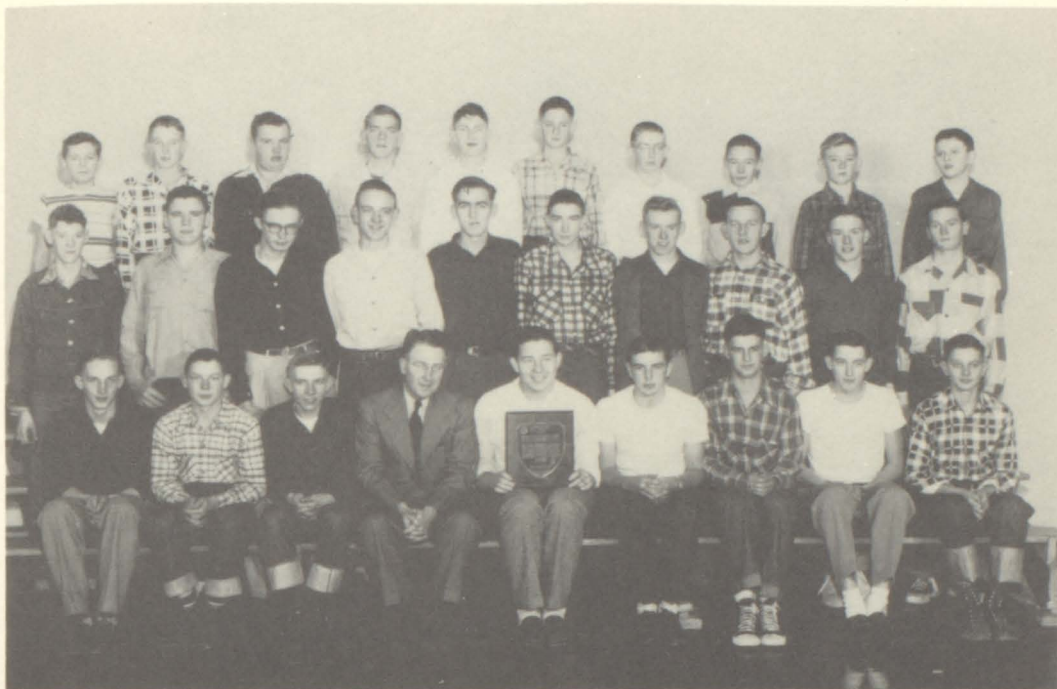

In addition to the regular classroom work, actual "Behind the wheel" training and road tests are given in a Chevrolet dual control car furnished free to the school thru the courtesy and co-operation of the S. E. Burke Chevrolet Agency, Maroa, Illinois.

A minimum of fifteen students each semester are enrolled in the course. They take their lessons during their free hours, after school and on Saturday mornings. Credit is given for the work offered by Mr. Kitowski, an approved and licensed driver's training instructor.

The Senior Play, "Goodnight Ladies", was presented November 16 under the direction of Miss Harriet Barwn, with the assistance of Mrs. Betty Bussone and the student directors, Darlene Campbell and Charles Ashcraft.

"Goodnight Ladies" was a story about the Raleigh youngsters, Helen, Jane and Sam who inherited an old house near the campus of Grayson College, but it is mortgaged and they are about to lose it. They decided to make it into a girls' dorm to pay the mortgage and their aunts are to be the matrons, but their aunts don't show up so Sam and Jug, friend of Sam's, dress as the aunts. Professor Dexter found out they aren't really the aunts so he went along with the joke. Then the Dean of Women also found out because she catches Sam with his skirt down. It ended by Professor Dexter being elected President of Grayson College.

Cheer Leaders

Left to right; J. Marlow, E. Hockaday, A. Hoffman, K. Price, D. Boldrey.

Each year a group of girls is chosen to lead the cheers during the sports season. Any girls who wish to do so, voluntarily organize themselves in groups, and at a designated time demonstrate their ability before an "all school assembly." As soon as all tryouts are completed, each student votes for their favorite group. The cheerleader's job then is, not only to lead cheers at the games, but also to conduct a pep session during the noon hour on the days of games, help on the Pep Committee and take charge of all Pep Squad meetings

This year Karen Price, Janice Marlow, Elsie Hockaday, Deloris Boldrey and Alice Hoffman were elected cheerleaders. Due to Deloris Boldrey's withdrawal from Maroa High at the end of the first semester, the other four girls finished the season..

HOMECOMING

*Conference games

Due to lack of manpower, lack of experience, and injuries, the Trojans came through the season with a one and six record. The highlight of the season was the winning of the homecoming game, in which we beat Assumption 33 to 19. In that game Richard Rose and Duane Miller scored two touchdowns each. Ted Pennypacker scored one touchdown. Richard Rose scored one extra point to make a total score of thirty-three points for that game.

In the Illiopolis game, Ted Pennypacker scored two touchdowns. Richard Rose scored one extra point to make a total of thirteen points for that game. It is easily seen that the Trojans had a poor season during 1951-1952, but we all hope they will do better in years to come.
